PRÆFATIO.

LECTORI PHILOBIBLO, S. D.

CUM quatuor abhinc annis mihi demandata esset Provincia BIBLIOTHECÆ CHETHAMENSIS apud MANCUNIENSES custodiendæ, placuit sanè Curatoribus nobilissimis spectatissimisque, ut Libris, qui propter plurimam per nuperos annos accessionem in Catalogis non describerentur, descriptis, et qui ex legentium incuriâ longè distraherentur, ad forulos suos redactis, statim ad novum Librorum Catalogum conficiendum me accingerem, quem ut publici esset juris, typis evulgari volebant. Manus victas temerè, confiteor, dedi, eorum voluntatis, quàm virium mearum, observantior, qui in re bibliographicâ planè hospes et rudis essem. Quoniam verò non meum erat, quod Fundator publicæ utilitati dicavit, id publico invidere, posthabitâ modestiâ importunâ, quam mallem opportunam vocare, mecum decrevi tam utili instituto pro virili incumbere. Huic tamen decreto ne tam instanter satisfacerem quàm volui, obstabat illa prior, nec facilis cura. Notandi enim erant in Catalogis libri quamplurimi, qui hinc illinc in Bibliothecâ latitantes cum oculos, tum manus effugiebant, ut primò perfectiores evaderent; deindè in forulos suos colligendi, quò faciliùs, quanta esset in unâquâque facultate supellex, innotesceret. Hoc tamen nè fieret, sæpiùs propter numerum formamque suam prohibuit angustia loci; qui tàm iniquè huic præ illi facultati contigit, ut libri complures in propriis locis frustrà quærerentur, et videre esset Medicum suâ sede destitutum Jurisperiti lateri adhærere, Poetas cum Mathematicis, Mathematicos cum Historicis societatem inire, sacra denique cum profanis commisceri; ut non mente solùm notandus, sed manu movendus esset unusquisque errabundus liber.

Sed

Sed ubinam? non ampliùs enim ſingula libros ſuos ſcrinia capere potuerunt. Neceſſe erat igitur, ut, veteribus ſcriniis in altitudinem evectis, adderentur utrinque foruli, qui, prout occaſio poſtularet, libros exciperent, et vagantibus ſedem inter concives darent. Hi foruli plerumque minoris formæ ſunt, ut ubi minuſculi libri, quod plurimis accidit, magnam eorum partem implebant, ſpatiumque invadebant grandioribus deſtinatum, ibi auxilium præſentius adeſſet.

Facta eſt, quantùm mihi tunc temporis licebat, inſtituta diſtributio; et tum denique ut alteræ curæ animum manumque adhiberem, meipſum ſtrenuè adhortabar. Hæc igitur illam excepit; quàm bonis auſpiciis lectoris eſt judicare, qui inuſitati operis errores benevolè condonabit. Res equidem erat, ut experientia docebat, non unius momenti, nec unius anni, ſi fidem Cl. Hyde habeamus, qui ſe Bibliothecæ Bodleianæ Catalogo, illique tantùm alphabetico, annos novendecim inſumpſiſſe fatetur. Nam ut Bibliothecæ Catalogus deſcriberetur non ſolùm Nomina autorum ordine alphabetico, ſed etiam ſecundùm varia ſua argumenta in varias claſſes voluminumque formas minutatim diſponens, res ipſa poſtulabat, ut eâdem operâ, et quæ ſuppeditamus, et quibus indigemus, ſtudioſo lectori facilè appareat. Hæc "Catalogi conficiendi cura" (verba ſunt Middletoni in ſuâ Bibliothecæ Cantabrigienſis ordinandæ methodo, in quâ plura ejuſdem argumenti lectu digniſſima videſis), "res ſanè magni "momenti, multique ſudoris; non temerè enim eum atque oſ"citanter inſtitui (quotidianorum Catalogorum ad inſtar, ubi "multa omiſſa, et confuſa omnia videamus) ſed diligenter et "accuratè deſcribi velim; ut *Bibliothecâ illâ*, cujus notitiam ſit "exhibiturus, dignus planè reperiatur: In *Catalogo* autem *rec"tè inſtituto* uniuſcujuſque libri *hiſtoriolam quandam* requirimus, "quæ ſingula ad eum dignoſcendum atque à cæteris omnibus "diſtinguendum neceſſaria quàm brevitèr, quàmque dilucidè

"exponat;

" exponat; undè præter *Authoris*, *Editoris*, *Interpretis* nomine, " uno simul intuitù pateat, de *quo argumento*, et *quâ linguâ* fu-" erit scriptus, *quo loco*, *quo typographo*, *quo characteris genere*, " *quotâque* editione prodierit." Hæc ille, et quàm benè dicta sint, omnis doctus indoctusque assensu confirmabit suo. Non enim nomina librorum describere, hoc est Catalogum conficere. Accedit necessitas Historiam literariam tum Hominum, tum Librorum modicè saltem tenendi. Quanti sit momenti Auctorum Historia ad librorum suorum notitiam, nemo inficias ibit, qui vult suum cuique esse tributum; ut anonymis pseudonymisque sua nomina, nominatis sui libri rectè reddantur. Porrò, tàm frequenter in Auctores ejusdem nominis incidimus, ut patriam, munus, si quod obierit, prænomen cujusquam nescivisse; omnia vel unum omisisse, incredibilem sanè molestiam studioso sæpissimè creet. Quàm raró prænomen, id intelligo quod, ut vulgò dicimus baptismo accepêre, Authoribus, Commentatoribusve, Gallicis præsertim præfixum est! adeò ut, nisi literatis, lateat cujus sit hoc, vel illud opus: quod igitur, libro ipso non indicante, è Commentariis literariis, Scriptoribus contemporaneis, Lexicisve biographicis laboriosè petendum est; neque ex his quidem, nisi fortè famam meritis extenderit auctor, semper expiscandum. Quò fit, ut periculosum fuerit rem etiam levissimam aliquandò omisisse, cum nescias in describendo libro, quatenùs, et quàm multùm valeat ad eum ritè dignoscendum. Ne objiciat hîc mihi aliquis, me non accuratè hanc regulam ipsum secutum esse, sæpiùs et diligentiùs, fateor, secuturo, si quantùm hæc res intersit, præscivissem. Quod ad librorum attinet notitiam, quisnam, precor, qui hanc prò dignitate usuque suo æstimat, ignorat curiosam istam atque anxiam tum animi, tum oculorum attentionem ad annos, ad locos, ad typographos denique, ubi comparent, ubi non, laboriosum planè, ingratum semper et importunum opus, quo notitia illa tàm necessaria eruenda est è libris, qui ejusmodi argumenta ex professo tractant? Quàm plurima librorum copia devoranda et devolvenda est, quanta

quanta cura capienda, antequam ad cognitionem illam diu desideratam attingas, et quàm frequenter labor omnis inquirentis omnino effusus perit! Nemini igitur admirationem, nec stomachum moveat, quòd multi iidemque magni nominis in re literariâ viri, hancce tractaverint materiam, difficultatem agnoverint, utilitatem celebraverint.

Restat jam, ut Catalogi nostri rationem breviter exponam. Confecit, dum librarii hujusce muneris Præfectus extiterit, vir sanè nunquam absque laude nominandus, ROBERTUS THYER, cui Miltonus multum luminis in poemata sua immortalia affusi debet, et Bibliotheca Chethamensis suam pænè totam librorum lautam selectamque Copiam (neque enim suâ laude fraudandus est spectatissimus Vir ROBERTUS KENYON, A. M. *Collegii Æneanasensis olim Socius, post hujusce Bibliothecæ et Præfectus et Curator,* qui librorum ad Naturalem Historiam, Cælaturam, &c. pertinentium copiâ largâ Bibliothecam locupletavit), confecit inquam, binos Catalogos ad mentem, ut videtur, Middletoni constructos, qui ideam suam perfecti Catalogi his verbis depingit; " Catalogi construendi methodum " quod attinet, *Ordo Librorum classicus, Authorumque alphabeticus* " mihi longè commodissimi videntur; ad *perfecti* verò *Catalogi* " constructionem *ambobus* certè conjunctis opus est: illo scilicet, " ut usibus, quos suprà attigi, inserviat; hoc, ut libri, quem " quærimus, Classem, Locumque demonstret; in quo usus " ejus præcipuè consistere videtur: illo, inquam, ut illustris, " perfectæque Bibliothecæ eleganti Ordine dispositæ ideam " pulchram exhibeat; hoc, ut *Indicis* illi officium præstet. " Hujusmodi igitur duplicem *Catalogum* non describi modò, " sed in publica literarum commoda *Typis etiam mandari* vellem, " ut locupletissimæ Bibliothecæ fructus cum viris omnium gen- " tium eruditis candidè et ingenuè communicemus: insignium " enim Catalogorum editiones maximum Orbi literato emo- " lumentum, maximum literarum studiis incitandis, promoven-

" dis

"dis, perficiendis adjumentum afferunt; omnisque ex hisce "sanè fontibus haurienda est *rei librariæ notitia*; quam, à "nostris nimis etsi neglectam, haud in infimo tamen eruditionis "gradu ponendam arbitror: *scire enim* (ut doctus quidam "monuit, *sc. Scultetus, delic. Evang.*) *ubi aliquid possis invenire*, "*magna pars eruditionis est*." Quæ quidem verba ideò mutuatus sum, non solùm ut, quod tam feliciter delineavit auctor, propriis ipsius verbis appareret, sed ut exindè occasionem arriperem exponendi, quâ de causâ, temeritatis invidiâ neglectâ, methodum illam, quæ mihi tamen valdè arridebat, ad quam, ut ex prædictâ descriptione colligo, Bibliothecæ nostræ Catalogi bini Msti formati sunt (idem enim Ordo Classicus, idem Alphabeticus) eandem in Catalogo *typis mandando* nollem eâ religione sequi, quam istius clari Capitis auctoritas poscere videretur: quibusque victus rationibus hanc, ad quam præsens Catalogus conficitur, mallem amplecti. Paucis, lector benevole, eas accipe.

In Bibliothecâ cujus indies crescit librorum copia, fieri non potest, ut locus certus unicuique volumini vel voluminum seriei assignetur, immò sæpè evenit, ut cancellum facultatibus singulis attributum, transvolare sit necesse: hic scilicet liber huic loco, vel illi, meliùs forsan competat, qùam præsens possessor. Hinc fit, ut causa oriatur librum, seu libros, de ordine suo aliquandò deturbandi, in aliumque locum transferendi; quam mutationem, etsi Catalogis Mstis, qui in Bibliothecæ usum adhuc servantur, sedulò notatam, in excusis notare non possumus. Perit igitur excusorum possessoribus omnis gratia Ordinis Classici, quum in iis servari nequit. Porrò, Bibliothecam consulenti, quàm Catalogum legenti, interior ejus ordo est utilior; ideòque Bibliothecarii magis quàm aliorum, interest, quum ejus rei solius agatur, ut eum penitiùs sibi cognitum habeat. Literatorum igitur utilitati, quibus in locis dissitis habitantibus non, nisi per literas consulenda est Bibliotheca nostra, quibusque eà de causâ studiosiùs erat consulendum, me potissimùm inservitu-

rum

rum esse putavi, si, missis his binis Catalogis oppidanorum meorum manibus terendis, utriusque Ordinis commoda uni intuitui subjicerem, unoque quasi filo quæ in utroque præstant simul intertexerem. Quisnam ergò usus Classicum istum ordinem secundum Middletoni mentem *typis mandandi?* pereat enim forsan cras, ut ostendi, quem nullâ certâ lege hodiè constituisti: unàque perit usus Classici istius Catalogi *separatim* edendi. Et ubinam Satelles sinè Planetâ suo apparere visus est? quid autem Index libri valet, sinè libro ipso, cujus index esse dicitur?

Ex his denique rationibus tandem exorta est è duobus Catalogis unum construendi sententia; qui si doctorum literatorumque virorum approbationi se commendet, quorum ex suffragiis pendet omnis honesta laus, neque mihi neque aliis hominibus frustrà laborâsse videbor.

Accessit ad catalogum librorum, qui typis extant, Manuscriptorum etiam qui in eâdem Bibliothecâ servantur, curta supellex.

Lectorem denique benevolum monitum velim, ut facili non severo animo errores corrigat typographicos, qui sub manibus in exteris linguis non exercitatis sine fine accrescunt, uniusque Correctoris oculis subjecti non possunt, nisi Argus fuissem, non abundanter scatere. Quod nos pro nostrâ tenuitate effecimus, lector, pro tuâ humanitate accipe, et condona; memor quod perfectum edidisse Opus nemini adhuc mortali contigerit.
